by deleting all language after the enacting clause and by substituting instead the following language:

SECTION 1. As used in this act, unless the context otherwise requires:

(1) "TANF" means the federal Temporary Assistance to Needy Families program.

(2) "TANF assistance-type services" means the limited scope of activities and services that constitute assistance under federal laws and regulations governing TANF.

(3) "Unspent prior-year TANF funds" means unspent TANF block grant funds that exist from prior federal fiscal years 1997, 1998 and 1999, which are claimable by the state but have not been drawn down by the state.

SECTION 2. The general assembly finds the following:

(1) Substantial amounts of Temporary Assistance to Needy Families ("TANF") block grant funds exist from prior federal fiscal years 1997, 1998, and 1999, which are claimable by the state but have not been drawn down by the state.

(2) Under federal laws and regulations, the unspent prior-year TANF funds must be used solely for a limited scope of activities and services that constitute assistance.

(3) Under federal laws and regulations, current-year TANF funds may be used for a broader scope of activities and services permitted under TANF that may or may not constitute TANF assistance-type services.

(4) The amount of unspent prior-year TANF funds significantly exceeds the amount that reasonably needs to be reserved as a rainy-day fund for future unexpected

program needs, such as the need to expand assistance to needy families with children in the event of an economic downturn.

(5) The state could accommodate new investments in preventive and remedial programs and services permitted under the goals of TANF.

(6) It is sound fiscal management policy to fund the relatively limited scope of TANF assistance-type services with unspent prior-year TANF funds, thereby freeing up the use of current-year TANF funds to support a broader scope of preventive and remedial programs and services permitted under TANF.

SECTION 3. No later than the time that the department of human services is required to file its TANF ACF-196 report with the U.S. Department of Health and Human Services, the commissioner of human services shall cause copies of such report in its proposed final form to be delivered to the speaker of the senate; the speaker of the house of representatives; the finance, ways and means committee of the senate; the finance, ways and means committee of the house of representatives; the general welfare, health and human resources committee of the senate; the health and human resources committee of the house of representatives; and the children and family affairs committee of the house of representatives. The commissioner shall promptly deliver copies in like manner of any revisions or updates made to any ACF-196 form filed with the U.S. Department of Health and Human Services. From the membership of the above-referenced committees, the speakers shall appoint an ad hoc committee to promptly review and evaluate the content and substance of such reports and to make recommendations to the governor, the commissioner of finance and administration, the

(1) The preferred manner of using unspent TANF funds from previous grant years, including whether to retain such funds in reserve; transfer such funds to the child care development fund or social services block grant fund; increase the level of contracted services; or expand and create innovative services for needy families;

(2) The decisions and criteria for electing to make block grant transfers of TANF funds to the child care development fund or social services block grant fund; and

(3) The process for selecting subrecipients of TANF funds.

SECTION 4. The department of human services shall fund all of the TANF assistance-type services that it delivers with unspent prior-year TANF funds.

SECTION 5. (a) The department of human services shall make a portion of current-year TANF funds available for competitive grants to local government, local community development corporations, federally qualified community health centers, non-profit entities or community-based organizations. Such grants shall be used to fund programs and services designed to meet one or more of the following goals specified under federal law:

(1) To provide assistance to needy families so that children may be cared for in their own homes or in the homes of relatives;

(2) To end the dependence of needy parents on government benefits by promoting job preparation, work and marriage;
